EC Chamber Endorses IGC Hill Construction

The Albany City Council has received a communication from the Board of Directors of the El Cerrito Chamber of Commerce, supporting the proposed IGC Albany Hill project for the following reasons:

1. The project appears to have been well planned.

2. A planned residential community for Albany Hill is more desireable than the piecemeal development of the area.

3. Of the 36 acre development, only 12 acres are to be used for buildings, leaving 24 acres of open space and park adjacent to El Cerrito.

4. The effect the project would have on the business community of El Cerrito would be highly desireable.

The letter also indicated: "The Board feels the advantages of the proposed development to the City of El Cerrito far outweigh any anticipated disadvantages and recommends that the City Councils of Albany, El Cerrito and Richmond work together to solve any traffic flow and water drainage problems that may arise effecting El Cerrito residents and business in that area."

The communication was signed for the Board of Directors by Chamber President Edward R. Canepa.

Decision Not Affecting Albany's Construction

"Stupid and ridiculous" is what Albany City Administrator James Turner called the building moratoriums being enforced in many California cities, as the result of the State Supreme Court's environmental impact report decision.

"We have no intention of stopping work in Albany," he said, when questioned yesterday in his office. "Of course," he continued, "it's much simpler for a small city like Albany, because we don't have the number or types of projects which might be affected by this ruling."

The only present Albany project which will be effected by the Court's decision is the IGC Albany Hill Project, and Turner expected to receive the report on it sometime yesterday.

While some cities only took 24 hours to decide what to do, others have clamped a 30-day moratorium on building permits, which could represent a crippling blow to their economy.

Assemblyman John Knox of Richmond, has also termed these freezes as "ridiculous," and applauded the cities which refused to be panicked into declaring a moratorium. He has offered to appear before any city council anywhere to explain his Environmental Quality Act, which was the basis of the Court's decision.

According to the Assemblyman, the law says that an environmental impact report shall be required on any project that will have a "substantial impact on the environment."

This could not, by any reasonable stretch of the imagination, apply to building according to existing zoning and general plans of cities, Knox said. If an area is already zoned for multiple dwellings, for example, the building of multiples could not be considered to have "substantial impact" on the environment.

The main confusion among many cities seems to be a definition of the words "substantial impact," and Knox says he will spell out some guidelines, defining this more clearly, in an emergency bill to be introduced in Sacramento on November 8, immediately after the General Election.

Meanwhile, Knox said, he will hold an Assembly Committee hearing in Anaheim next week, at the same time as the conference of the League of California Cities, in order to give maximum publicity to the law's intent where city officials will be gathered. Members of the Albany Planning and Zoning Commission and City officials are expecting to attend this hearing.

Albany Council Agenda

Three public hearings were on the agenda for this week's City Council meeting, held last night (instead of Monday) because of the observance of Columbus Day.

The three were: a continuance of the Oct. 2 hearing on the application of Interstate General Corp's application for rezoning part of their Albany Hill property; to hear and act upon the application of Ernest Machado, to change zoning on his property at 1147 Portland, and a variance application for Mrs. S. M. Washington, to construct a patio at 1020 Key Route Blvd.

Other agenda items included: a communication from Actiong Police Chief Arthur Smith, recommending the appointment of Officer Richard King Haugner to the permanent rank of patrolman; one from E. C. van Eckhardt, submitting his resignation from the Albany Traffic and Safety Commission; and a request from Cornell School PTA for permission to hold a Halloween parade on Tuesday, Oct. 31, as well as one from the Albany High School Homecoming Committee, asking permission to stage a parade on Friday, Nov. 3.

Communications from City Administrative Officer James Turner concerned advertising of bids for earthquake restrainers for the Buchanan overpass, and the Pomona Avenue-Memorial Park rehabilitation.

Two communications from El Cerrito concerned the proposed Albany Hill project. One, a resolution from the El Cerrito City Council, requested that Albany "take necessaryr steps to insure that the development of Albany Hill will be harmonious with the existing surrounding area, and will not have any adverse affects upon El Cerrito."

The other, from the El Cerrito Chamber of Commerce, supported the Albany Hill project, and recommended that the City Councils of Albany, El Cerrito and Richmond work together to "solve any traffic flow and water drainage problems."

Items under "unfinished business" included the request from Interstate General Corp. for a use permit for their planned unit development at the base of Albany Hill, and a resolution commending Sergeant James McLeod upon his retirement from the Albany Police Dept.

School Bonds' Financial Impact

By Jean B. G. Tenret

(This is the fifth in a series of articles explaining the Albany School Construction Bonds. The Bonds will be on the November, 1972, ballot as Measures H and I.)

In the previous articles you were given an insight into the WHY's and HOW's of the proposed School Construction Program. This article will deal with the financial aspects—what does it mean in dollars and cents to the Albany homeowner.

Measure H is a Local School District Bond Issue in the amount of $1,825,000. Measure I is a State Aid Loan in the amount of $1,275,000. Both measures have to pass in order to provide the necessary funds for a total of $3,100,000 to finance the proposed School Construction Program.

The cost of the Local School Bond Issue will depend on the bid price at the time of purchase. The maximum interest rate is legally set at 7 percent. However, based on presently available information, an interest rate of 6 percent is more realistic. At 6 percent the tax rate will be $0.635 per $100 Assessed Value (A.V.) for the first year.

The A.V. is 25 percent of the market value, as determined by the Assessor. The assessed market value is always lower than the actual market value. In the second year the tax rate will drop considerably, namely to $0.43 per $100 A.V. After the second year the interest rate will decrease slowly for the life of the Bond (25 years).

The payments for the State Aid Loan, Measure I, are based on a tax rate of $0.175 per $100 A.V. per year. This rate will stay the same for each year of the duration of the loan (20 years).

This is advantageous to us because when we look at the total of the city's assessed value, we

Interclub Council Meets

All organizations in Albany are invited to send a representative to the first fall regular Interclub Council meeting on October 12, at 12 o'clock noon at the Albany Chamber of Commerce.

The purpose of Interclub Council is to provide a clearinghouse and forum for discussion of organized activities in Albany. It is a non-profit organization composed of representatives of fraternal and service organizations in Albany, meeting on the second Thursday of the month. Dues of $10.00 per organization will not be assessed for 1972.

At the request of Mel Straus, president of Albany Junior Chamber of Commerce, one new order of business at this meeting will be another structure to hold additional plaques of organizations at the San Pablo and Marin Avenue instersection, with times and places of meetings.

Also on the agenda will be the creation of a calendar of coming events, for the use of organizers of community activities so as to eliminate as many conflicts in dates as possible. This service will be activated according to the interest shown.

One hundred percent representation of the clubs of Albany is the goal of Intercub Council and communication by mail is adequate if a representative cannot attend in person; these will be read to the assembled members. Call Albany Chamber of Commerce, 525-1771, or Harold Van Coops, 526-6116.

Other Side of School Bond Issue

By Jim Scoggins, chairman of the Save Cougar Field Committee. A divergent view of the Albany School Bond Measures H & I.

The Citizens Advisory Committee recommended, and the Board of Education approved, the location of the new school to be built in the City of El Cerrito, County of Contra Costa. Their poor judgement need not be our undoing if we think and react at the polls.

Where do we stand if we allow this school to be built in El Cerrito? The proposed middle school would be built in another city and county! What police department would protect our children —Albany? El Cerrito? Or the Contra Costa County Sherrif — or because of the county line cutting through the school district, would the State Highway Patrol be responsible?

What fire department would we call in case of emergency? Would we be forced to enroll students from El Cerrito in the new school? Would this situation change our school tax structure or make us liable for taxation in Contra Costa County? Would this move open the door to the possibility of Albany eventually losing the local unified school district?

We don't know the answers to these questions, but what really worries us is that the school superintendent or the Board of Education does not know the answers to all of these questions.

With all these unanswered questions, how can we, in our right minds, vote "yes" on this school bond measure that will cost over three million dollars?

We don't believe we should gamble with our schools. We are going to vote "NO" and we urge you to vote "NO" on School Bond Measures H & I.

hat we are actually repay- nly a portion of the bor- funds. The rest is, as the goes, "forgiven." How much orgiven part of the loan will hard to say, as it depends ie City's assessment rolls, will change over the years. he first year this forgiven will be approximately 0. In addition, the interest vill be lower than on a Lo- nd Issue.

you probably remember, re already paying $0.20 per $100 A.V. "earthquake" tax, which was levied by the School District. This money is being used to pay for architects, engineers and other services, in connection with the earthquake studies. This "earthquake" tax will be discontinued when Measures H and I pass.

Taking all this into consideration, the net tax rate increase will be 63.5 plus 17.5 minus 20 for a total of .61 per $100 A.V., which means that the tax increase on a home valued by the Assessor at $25,000 will be: 25 percent of $25,000 divided by 100, x $0.61 equals $38.12 per year, or $3.18 per month.

In the second year this will decrease to $2.15 per month and thereafter it will slowly decrease for the life of the Bonds.

In 1974 we will be making the last payment on an outstanding School Bond, which will result in a decrease of $0.23 in the monthly tax in our example.

The Albany real estate tax rate compares favorably with the surrounding communities, even with the proposed increases. We should keep in mind that these communities are going through the same problems and are contemplating tax raises.

All in all, this seems a relatively small price to pay for a necessity; namely, to provide safe facilities for our children, and to give them quality education. Quality education has been a primary reason for making Albany a great place to live in. Let's keep it that way by voting positively.

Times prints more news bout Albany people than any other newspaper.

Fire Prevention Week Starts At Home!

There's an old saying that "an ounce of prevention is worth a pound of cure" that you might think of this week.

This week, October 8-14, has been proclaimed as "Fire Prevention Week" by President Nixon, to remind everyone to be careful with fire.

Fire killed a total of 12,200 persons last year in the United States and claimed $2,245,835 worth of property. This does not include forest fires and government property.

Most home fires start between midnight and 6 a.m., so families should draw up a plan setting the night-time procedure in case of fire. Decide on an alarm to sound, then follow these safety precautions: test doors before opening them, find alternative escape routes, exit quickly, assign help for each infant, elderly or invalid family member, gather at an outside predetermined meeting spot.

This is a good week to check your house and eliminate potential fire hazards. Have your heating equipment cleaned and checked by a qualified serviceman, keep stoves free of grease and away from towels and curtains. Clear away clutter wherever it may build up, check electrical wiring and appliances for defects, observe careful smoking habits, check location of matches, maintain constant vigil towards hazards which may develop, equip fireplaces with a sturdy metal screen.

If you do all this you have taken steps to prevent a fire and disaster in your home.

That bear has the right idea: only you can prevent fires, forest or otherwise.

PTA Flea Market

The Albany Middle School PTA is sponsoring a Flea Market on Saturday, Oct. 21, in the Albany High School courtyard, from 10 a.m. to 3 p.m. The new PTA hopes to make enough profit from this fund-raiser to meet the budgeted needs for the coming year.

Items to sell at the event are needed, including outgrown children's clothing, used toys, sports equipment, furniture, books, etc. —whatever you have to donate that you no longer need. Those with items to give are requested to call Bettie Nelson, 525-0145, or Ann Berry, 526-6503, for pick-up.

Workers will be needed to sell on the day of the Flea Market, and also to price and sort a few days before. Call the above numbers if you can help make the Middle School's first event a success.

Parents' Back-To-School Night

Back-to-School Night, an annual occasion, jointly sponsored by the PTA and the Albany High School Staff, is scheduled this year for Thursday, Oct. 12 (tomorrow evening), beginning with a short program in the gymnasium.

Traditionally this evening has been one during which the parents of high school students have spent some time in all the classes their children attend during the day. While it is difficult for each parent to converse with each teacher about his child, there is time for the parent to become familiar with the student schedule, the teachers, the overall purpose of each course, as well as the campus. It is hoped that following this visit, parents will feel free to schedule conferences with teachers at some future time.

The plan for the evening is uncomplicated. Registration will begin at 6:45 followed with short opening exercises at 7 p.m. in the gymnasium. After introductions by the Student Body President, Carol Schroffel, the band, cheerleaders, pom pon girls and flag drill team, under the direction of head cheerleader, Karen Hiscox, will perform. Carl O. Couch, principal, will then introduce the school day which will proceed through the one to eight period schedule. We hape you choose to arrange your plans to include Back-to-School Night 1972.

Have you noticed Bill Johnson's nose lately? Well, it seems that Bill thought Larry Saler's pool was deeper than it really is, and he ended up with his nose on the bottom of it. This all happened during the recent Lions Club family picnic at the Salers' summer home. Now Bill and Bob Hope have something in common.

THE VETERAN'S CORNER

by Chas. Lindh

It is about time for us to turn to programs of recreational value and the first and perhaps the most important is American Legion Baseball. This activity teaches loyalty, fair play, courage, physical fitness and respect for rules and decisions rendered and at the same time it provides an outlet for the restless energy found in youth.

This program has for many years been supported by the American & National Leagues of professional baseball. It is not a one sided arrangement, as many boys trained in Legion Baseball have been picked up by Major League scouts as good prospects for further training and eventual service on Major League clubs. A great number of these boys have made good and are now valuable members of Major League teams. Large commercial companies have also supported the Legion in this work.

As time went on and the cost of equipment and uniforms climbed, many Legion posts, considering their limited income, found it impossible to carry on the program, so they dropped it.

Albany Post tried to keep going, but we soon found out that the load was too great, so we discontinued it. In the meantime we had looked into the Little League situation and we decided to enter that field. We now sponsor a Little League team consisting of 15 and 16 year old boys. It is doing a fine job and we feel that we are now doing a better job for our community. When spring comes and the season gets underway, come out and watch them perform. They are good.

Notes from the Senior Center

We have just received another Certificate of Appreciation for our help in stuffing envelopes for the Christmas Seal campaign. Our file is bulging with these certificates and letters from all the health and social agencies in our area and we are very proud of our accomplishments. We address and stuff hundreds of thousands of envelopes each year. The credit goes to the wonderful, dedicated group of women who have come in regularly every Friday morning at 10 a.m. for many years to do this community service. We can always use another pair of willing hands so, if you'd like to help package the Christmas gift tags for Cystic Fibrosis Foundation, you would be most welcome.

Another reminder about our dollar Sunday lunch! You do not have to be a member to attend, just let us know by Friday morning if you will come.

The monthly whist party is on Monday, Oct. 16. Dessert and coffee will be served at 11:30 a.m. Nice prizes.

For more information, call Director Beulah Belling at 526-1601 or the Albany Park and Recreation Dept., 525-5704.

The Mail Bag

(The views expressed in the following letters are those of the individual writers, and do not reflect, in any way, those of this newspaper.)

Editor, the Times:

The other day I noticed a woman who was walking across Solano Avenue on the "brick" crossings. She tripped half way across the street and almost had a bad fall. She then proceeded the rest of the way walking to the side of the "brick" crossing.

Most people do not walk on the crossings because they are so unsafe. I think the "brick" crossings are idiotic, a hazard to the community and definitely a waste of the taxpayers' money.

Why was money spent on something so unnecessary as fake brick crossings instead of being spent on something that would better our community and not of presenting such a hazard to us?

Sincerely,
AGNA E. GANOUNG
Albany High School Student

Editor, the Times:

On behalf of the Albany Rotary Club's major project committee, I would like to thank Jim Hicks of Plaza Electric Company for his help on the Albany High School's new basketball scoreboard installation. Without his community spirit, it might not have been possible for us to provide the scoreboard for the school.

ORDINANCE NO. 72-011

AN ORDINANCE OF THE CITY OF ALBANY AMENDING THE ALBANY CITY CODE, 1958, BY ADDING ARTICLE IX TO CHAPTER 2 THEREOF, TO SET FORTH QUALIFICATIONS FOR THE CHIEF OF POLICE.

WHEREAS, a Charter amendment (No. 3 on the ballot) was passed by the voters at the Municipal Election on April 11, 1972; and

WHEREAS, said Charter amendment was ratified by the California State Legislature on June 13, 1972; and

WHEREAS, said Charter amendment did provide that the Council of the City of Albany shall establish by ordinance the qualifications for the Chief of Police of Albany; and

WHEREAS, the Council does find that it is essential, reasonable and necessary for proper law enforcement, police administration and the protection of the public health, safety and welfare:

(a) That a person entering the office of Chief of Police possess sufficient training and background to adequately fulfill the duties and responsibilities of the office; further, that an intermediate certificate issued by the Commission on Peace Officers Standard & Training provides a minimum of the necessary background and training;

(c) That in view of disability benefits provided under the City's pension programs and the eligibility therefor, a prior medical history report of the person so entering the office of Chief of Police is reasonable and necessary in lieu of the usual medical examination required of non-elected City employees;

NOW, THEREFORE, THE COUNCIL OF THE CITY OF ALBANY DOES ORDAIN AS FOLLOWS:

Section 1: That the Albany City Code, 1958, is hereby amended by adding Article IX to Chapter 2 thereof, which shall read as follows:

"(d) The candidate shall, prior to taking the oath of office, file with the City Clerk a verified medical report in the manner and form as approved by the City Council; said medical report shall be filed in the candidate's personnel file; provided, however, that the requirement of this paragraph shall not apply to any subsequent re-election of said candidate.

"Sec. 2.91. **Appointment.**
"In the event a vacancy exists in the office of Chief of Police, an appointment shall be made pursuant to Sec. 29 of the City Charter in accordance with the following:

"(a) If the person so appointed is a member of the Albany Police Department, the qualifications set forth in paragraphs (c) and (d) of Sec. 2.90 shall not apply; if not a member of the Albany Police Department, all qualifications shall apply to the person so appointed.

"(b) A person so appointed shall be considered an incumbent Chief of Police at the next municipal election, and the qualifications set forth in paragraph (b) of Sec. 2.90 shall not apply, provided said person was under the age of 50 years on the effective date of said appointment.

"(c) A person so appointed shall, on the effective date of his appointment, be a resident and elector of the City of Albany.

"(d) The person so appointed shall not, on the effective date of his appointment, have reached his 50th birthday.

"Sec. 2.92. **Separability.**
"It is the intention of the City Council that each separate paragraph of this Article shall be deemed independent of all other paragraphs herein and it is further the intention of the City Council that if any paragraph of this Article is declared invalid, all other paragraphs thereof shall remain valid and enforceable."

Section 2: This Ordinance shall be published once in the "Albany Times", a newspaper of general circulation within the City of Albany, which said newspaper designated for that purpose, shall become effective on after its final passage, adoption and publication.
